- Outstanding driving experience
 - Provided by a near 50/50 weight distribution, rear-wheel drive, ESP and five-link independent rear suspension
- **NEW! SRT8 0-100 km/h times in the low 5 seconds**

STYLE

- Bold road presence: stately grille design, high beltline and dramatic proportion of side glass
- Chrome exterior mirrors and door handles
- Large 18-inch wheels and tyres
- California Walnut 5.7L V8 or Tortoise Shell-style 3.5L V6 & 3.0L CRD trim on steering wheel, shift knob and door pull handles
- **NEW! "HEMI Orange" engine block treatment on 6.1L SRT HEMI V8**

* No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

† Detects most obstacles/objects. As with all electronically controlled systems, care is advised.
